ХОД УРОКА:

1.Начало урока. Организационный момент. Today we are going to talk about things that are probable or possible; about things that are likely to happen in the present or the future.

I think all of you like to travel. You have been to different places, and seen different sights. And I'm sure you are going to visit another places on your holidays.

Carina, where have you been?

Kate, ask Inna what sights she has visited. Inna, ask Nasty where she will go on her summer holidays.

2. Основная часть. Постановка вопросов по теме.

Well, look at the pictures and say what sights you have recognized?

- It's the House of Parliament. (Where is it?)

- They are the Pyramids. (In Egypt)

- It's the Statue of Liberty. (In the USA)

- It's Easter Island. (In the Pacific Ocean)

-It's the Great Wall. (In China) Well done.

Поисковое чтение. Прочитать диалог и познакомиться с придаточными предложениями условия и времени I типа

And now, let's read the dialogue. Julia, you are A, Jana, you are B. Thank you, girls.

Look at the second phrase. Translate this sentence. What tense is used in the Russian sentence?

(FUTURE)

What does this sentence mean? It means that Julia is going to visit Paris.

Probably Julia will go to Paris. It's likely to happen in the future. Very good.

This sentence has 2 parts (the main clause and "IF" clause).

Julia, name the main clause, what tense is used in the main clause? (F. S.)

Jana, name the "if" clause. What tense do we use in the "IF" clause? (PR. S.)

This sentence is in future, we can't use WILL in the "IF" clause. Instead we use PR. SIMPLE for the future. We use IF for things which will possibly happen. We use PR. S. instead of F. S. in sentences of time and conditional.

Работа с таблицей. Соотнести информацию, используя таблицу и составить предложения, работая в группах. Представить полученную информацию.

And now, look at these sentences. Join the first part of the sentence with the second.

- Carina, come to the blackboard, please and match the sentences.

And Kate, make up the sentence, please. Translate them. That's right.

Работа с фото. Составить предложения по опорным словам и выражениям. Представить полученную информацию. - Well, look at these pictures again. Imagine, you are going to visit some sights at the weekend. Say what sights you will visit. Make up the sentences of your own using this structure. Well done.

Развитие навыка аудирования. Now, listen to the dialogue. Ann has decided to go to Madrid for the weekend. And her friend Bill asks her some questions. Listen to the dialogue and fill in the missing words.

Let's check. You are right. Look through the dialogue again. Find and read the sentences with the first conditional. (Where will you leave the car if... How will you get... If you can't afford...

If you run out of money... What will you do if...)

Практика в употреблении нового материала. Let's train your brains. Look at the pictures.

Make up the sentences using the verbs under the pictures. Start your sentence with "IF". Let's check up your ideas. Very good.

Практика письменной речи, используя новый материал.

Well, look at the picture.- Split into 2 groups, make a story. Write as many sentences as possible.

You have 3 min. start your sentence with IF. Start to read your story, and Kate will calculate the correct sentences. Very good.

Заключительный этап урока. Выставление оценок. Домашнее задание. And now say, how do we use the first conditional referring to the future? IF+PR. SIMPLE, F. SIMPLE. When do we use this structure? To express a real or very possible condition. When we are talking about

things that are likely to happen in the future. Translate: Если погода будет хорошей, мы пойдём на пляж. It means, it's possible that the weather will be fine. Great.

Look at the picture. How does the girl look like? She has got a headache.

Write a piece of advice to the girl how to keep fit. You should write about 7-8 sentences at home.
